*Organic, Sustainably Farmed, Fair Trade Teas  
and Herbal Infusions from The Rare Tea Company*

Originating in China, the rich history of tea  
begins in the Shang dynasty.

Millennia on, the East India Company began  
spreading tea across the British Empire with the most  
exquisite examples landing in the drawing rooms of  
England's greatest houses.

From medicinal beverage to trademark of high society,  
we bring you the opportunity to enjoy some of  
the finest teas in the world.

Imported especially for Merrill House  
by our friend, the Rare Tea Lady, our teas and  
herbal infusions embody flawless quality  
and character of a global standard.

A portion of each purchase goes to creating educational  
opportunities within tea producing communities.
